SEA

BY MANDY CONNER

NOVEMBER 21ST & 22ND
AT HUNTINGTON UNIVERSITY

WHERE the SKY MEETS the SEA

BY BY MANDY CONNER

In a place that exists between the heavens and the deep, three sisters and two brothers awaken to find themselves stranded—lost somewhere beyond time, beyond reason, and beyond the reach of the world they once knew. Their only clues come from an ancient oracle's prophecy and the whispers of the waves: their parents have angered the gods, and now the children must atone.

As the Furies rise and the horizon beckons, they are thrust onto a perilous journey across a boundless sea where myth and reality blur. Guided by celestial forces and bound by fragile trust, each must confront the sins of those who came before—and the truths buried within themselves.

But when sacrifice is the only path to redemption, how far will they go to right the wrongs of the past? And when the sky finally meet the sea... who will remain to tell the tale?

BLACKHAWK  CHRISTIAN
Theatre
TROUP 5242

— THE CAST —

ASTRA
Elaina Wahli

CARISSA
Lyla Sherbahn

IRENE
Selah Johnson

TOBIAS
Jackson Smith

LUKA
Luke Benson

ORACLE/FURY I
Aubrey Moore

SKY/FURY 2
Noah Johnson

SEA/SKY FURY 3
Charis Hooley

CHORUS 1-2
& DANCER
Olivia Dubach

CHORUS 3
Brielle Thompson

CHORUS 4
Ellia Smith

CHORUS 5
Haddie Amstutz

The Arts at BCS

At Blackhawk Christian School, the arts aren't just programs—they're part of who we are. From the first days of early childhood, students are invited to explore music and visual art under the guidance of passionate, professional teachers who help spark creativity and joy. As they grow, so do the opportunities: learning an instrument in sixth grade, discovering new artistic mediums, or finding their voice in choir.

By the time students reach secondary school, the arts have become a vibrant thread in daily life. Band and choir students fill the halls with music, from spirited pep band performances at basketball games to quarterly concerts that showcase their hard work and talent. Many also step out in courage to compete at the ISSMA Solo & Ensemble festival, pushing themselves to new levels of excellence.

The visual arts open doors to imagination and self-expression through 2D and 3D classes, as well as unique courses like Art and Architecture and dual-credit offerings such as Creative Arts & Culture. On stage, students bring stories to life through Theatre Arts classes and Blackhawk Christian Theatre productions—two full-scale shows each year that draw our community together in laughter, reflection, and applause. Each spring, we also celebrate our students' dedication to the craft through inductions into the International Thespian Society.

The legacy of the arts at BCS is one of passion, creativity, and faith at work. Year after year, our students discover how their God-given gifts can inspire, connect, and make an impact. And as many alumni who now work in the arts and entertainment world can testify, those beginnings here can lead to a lifetime of purpose and beauty.

Soli Deo Gloria.
(To the glory of God alone.)
